OE lighting and safety selection

## LCR19 - ROUND LED REAR LAMP

- Ultra compact and thin
- Additional connectors superseal 2 pins
- Integrated resistance + Pulse ISO 13207 (indicator failure control)
- Flashing side marker lamps control (R48 - supp.6) : no need for separate flashing control unit.

Available in black version

### TECHNICAL CHARACTERISTICS

Versions	<ul style="list-style-type: none"> <li>• 3 functions (position glowing, stop, turn indicator)</li> <li>• 2 functions (reverse, fog)</li> <li>• 2 functions + (position glowing, reverse, fog)</li> </ul>
Voltage	24V
Source	100% LED no maintenance
Lens material	UV resistant Polycarbonate
Housing material	Polycarbonate
Dimensions	Ø 140 x 45 mm
Bolt distance	45 mm
IP Protection	IP69K
Connector	<ul style="list-style-type: none"> <li>• AMP MCP 4 ways</li> <li>• Optionnal connectors SUPERSEAL 2 ways</li> </ul>
Polarity	Protected against reversed polarity

**199040 (Superseal 2 pins)**  
 License plate lamp  
 To connect with cable :  
 D14985 (cable 1500 mm, Superseal / Superseal connector)

## LC9 LED - Multifunction tail light VOLVO TRUCK / RENAULT TRUCKS

- Original manufacturer spare part.
- Application on VOLVO TRUCKS since 12/2012 / and RENAULT TRUCKS since 12/2017

### PART NUMBERS

VIGNAL P/N	Side	Option
158030	Left lamp	License plate lamp
158050	Right lamp	
158040	Right lamp	Reverse alarm
058000	Right/ left lens	
D11868	AMP connector 7-way female connector repair kit	

### COMMON TECHNICAL CHARACTERISTICS

Voltage	24V
Source	LED
Functions	Direction indicator, stop, reflector, position, reverse and fog, license plate lamp, reverse alarm
Dimensions	500 x 130 x 86 mm
Bolt distance	160 mm
Fixation	Fixation provided 2 screws M8 x 30 mm
Connector	AMP 1.5 - 7 pin rear connector
Approval	E2 10113 - 10R 036227

## LC11 LED - LC8 - Multifunctional tail light IVECO STRALIS / TRAKKER

LC11 LED

LED

LC8

- Original manufacturer spare part.
- Application on IVECO STRALIS / TRAKKER vehicles since March 2016

### PART NUMBERS

All LC11 part numbers are available on our website (use the IVECO filter)

All LC8 part numbers are available on our website (use the IVECO filter)

### COMMON TECHNICAL CHARACTERISTICS

<b>Voltage</b>	24V
<b>Source</b>	LC11 > LED , LC8 > bulbs (not included)
<b>Functions</b>	Direction indicator, stop, reflector, position, reverse and fog, license plate lamp, reverse alarm
<b>Dimensions</b>	400 x 160 x 84 / 88,5 mm
<b>Bolt distance</b>	152 mm
<b>Fixation</b>	Fixation provided 2 screws M8 x 30 mm
<b>Connector</b>	HDSCS - 8 pin rear connector
<b>Approval</b>	LC11 > E2 14085 - 14086 - 10P-047585, LC8 > E2 2040

## LED BARLIGHT - BL15-CTL15

Dynamic indicators - flashing warning lights

Work light 1200 Lumen

Stop and position

- 100% LED light : no maintenance
- 1200 Lumen
- Safety : high visibility clearance signalling  
scrolling towards the outside
- Night comfort : lighting extends beyond the work area
- Rear or front Fixation
- Tension : 24V
- Homologated ECE - EMC

### REAR FIXATION (Chereau)

164000 : CTL15

164010 : CTL15 to connect on  
BL15

165020 : BL15 left

165030 : BL15 right

### FRONT FIXATION

164020 : CTL15

164030 : CTL15 to connect on  
BL15

165040 : BL15 left

165050 : BL15 right

A14420 - COMPLETE KIT :  
Right and left lights + wiring

## SAFETY STATIC - PROJECTION MODULE WARNING SIGNAL

To enhance safety around vehicles, Safety Static creates a peripheral zone on the ground around the vehicles.

These safety zones will receive a projected image to alert other road users at night.

Safety Static is a versatile projector that can be adapted to the image to be projected.

Its power allows you to achieve high light levels. 4 projection options available for this product.

### TECHNICAL CHARACTERISTICS

Voltage	10 - 30V
Consumption	28W
Functions	Image projector / Interior integrated line projector / Vehicle-integrated miniature image projector / Full inno with long-range and short-range warning Full integrated without drop shadow
Material	Aluminium
Connectors	1000~1020mm cable with soldering tips
IP Protection	IP67 - IP 69K
Short circuit protection	Yes
Homologations	ECE R10 & R118
Operation Temperatures	-40°C to +80°C
Fixation	Pedestal
Warranty	2 years

## LPL18 LED - License plate lamp

The LPL18 LED light is a license plate light for all types of vehicles: semi-trailers, trailers, special vehicles, commercial vehicles, etc. Designed by Vignal teams, it is approved for installation with only one light per plate. Reduce your electricity consumption by switching to LED products.

199020  
Bolt distance 72 mm  
199030  
Bolt distance 75 mm

199000  
Clipped

199040  
Bolt distance 45 mm

### TECHNICAL CHARACTERISTICS

Voltage	12/24V
Source	100% LED no maintenance
Dimensions	81 x 44,5 x 52,5 mm
Bolt distance	45 - 72 - 75mm (depends on P/N)
IP protection	IP6K9K
Connector	Superseal 2 pins
Approvals	ECE E2 19014 + 10R 0516057 DOT SAE L19

# E-VENUS

## LED beacon

### Introducing our new eco-friendly range E-SYSTEM :

- Reduce your carbon footprint
- Over 80% recycled plastic
- Energy-efficient LED technology
- Smaller PCB to minimize environmental impact
- And still a high-performant beacon to enhance your safety and visibility!

### TECHNICAL CHARACTERISTICS

Fixation	<b>D16152</b> : 3 points on Ø 130 mm - <b>D16151</b> : Flexible pole (DIN 14620) - <b>D16150</b> : Rigid pole mounting (DIN 14620) - <b>D16153</b> : Magnetic + suction cup - <b>D16161</b> : spare lens
Voltage	Multi-voltage 10-30 VDC
LED lifetime	> 40.000 hours
Lens colour	Amber
Lens material	Polycarbonate
Flash patterns	Double flash
IP protection	IP54
Operation t°	-30°C to +50°C
Approvals	ECE R65 CAT 1, ECE R10
EMC level	R10
Polarity inversion	Protected against polarity inversion
Consumption	17W max - 7W average
Weight	Magn : 0,750 kg - Pole : 0,450 kg - 3 points : 0,450 kg - 1 point : 0,480 kg

# E-VENUS Ecological LED beacon

## 80% recycled materials

The plastics used are made exclusively from recycled materials, with a large proportion recycled on site at Vignal CEA (Km0).

## Recyclable beacon

Our beacons are part of a circular economy. Plastic, metal and WEEE materials are recycled.

## Reduced PCB - less waste

The electronic circuit has been redesigned to reduce its size and minimize waste.

The E-VENUS range designed by VIGNAL CEA reflects the group's commitment

SWISS  
MADE

**-20% lower power consumption**

Energy consumption has been optimized from 9W to **7W**.

**Photovoltaic solar energy**

Equipping our Swiss factory with photovoltaic panels ensures green energy at every stage of production.

**Recycled packaging**

Our products are carefully packed in 100% recycled cardboard boxes.

ment to the environment.

Local production

## PEGASUS LED

- Multifunctions: rotating, flash, double flash
- Most compact beacon
- ECE R65 & EMC R10 approved

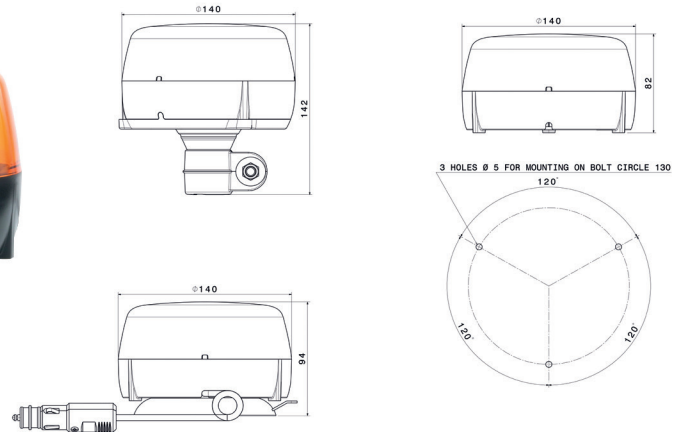

## TECHNICAL CHARACTERISTICS

Fixation	3 screws 3.5 x 15.9 mm - ISO DIN 14620B Flexible DIN pole autoblok Magnetic 1 suction pad with cigarette lighter
Voltage	10-30 VDC
Lens colour	Amber
Lens material	Polycarbonate
Flash patterns	Multifunctions : rotating, flash, double flash
Operation t°	-30°C to +50°C
Approvals	ECE R65, ECE R10
Consumption	9W
Weight	Magn : 0,780 kg - Pole : 0,550 kg - 3 points : 0,450 kg

ATLAS LED

The ATLAS LED beacon meets the high requirements of the manufacturer's specifications. Special attention has been paid to the thermal management of LEDs to ensure optimum service life and operation in the most extreme situations.

Available in different colors

TECHNICAL CHARACTERISTICS

Fixation	3 points on Ø 130 mm (DIN 14620) - Pole mounting (DIN 14620) - Magnetic + suction cup
Voltage	Multi-voltage 9-32 VDC
LED lifetime	> 50.000 hours
Lens colour	Amber or Blue
Lens material	Polycarbonate
Flash patterns	Rotating or double flash
IP protection	IP69K (ISO 20653)
Vibration	Mechanical loads and shocks ISO 16750-3
Operation t°	-40°C to +80°C
Approvals	ECE R65 (TA1 or TB1), ECE R10
EMC level	CISPR25 Class 3 or 5 optional
Polarity inversion	Protected against polarity inversion
Consumption	Rotating : 8,5W at 28,5V - Flashing : 17W at 28,5V
Weight	Magn : 0,780 kg - Pole : 0,550 kg - 3 points : 0,450 kg

# ATLASSINO

Compact and longlife LED beacon

Introducing our new compact and cost effective beacon ATLASSINO :

- 9 cm diameter - adapts to all vehicles
- Extra-bright double flash
- Powerful, long-life LED
- Heavy duty - excellent vibration resistance

## TECHNICAL CHARACTERISTICS

Reference P/N	221300	221100 (central cable) 221200 (side cable)	221000	221500
Fixation	Rigid pole mounting (DIN 14620)	3 points on Ø 102 mm	1 central point Ø 12 mm	Magnetic + suction cup
Voltage	Multi-voltage 10-32 VDC			
LED lifetime	> 60.000 hours			
Lens colour	Amber			
Lens material	Polycarbonate			
Flash patterns	Double flash			
IP protection	IP6K9K (ISO 20653) / IK08 (Shocks)			
Operation t°	-40°C to +80°C			
Approvals	ECE R65 (TA1 or TB1); ECE R10; SAE Class 1 & Class 2			
EMC level	ECE R10 & CISPR Class 5			
Polarity inversion	Protected against polarity inversion			
Consumption	16W max - 7W average

Weight	0,220 kg	0,175 kg	0,175 kg	

## LED COMPACT WORK LIGHTS

Flood, Asymmetrical, Long Range, No Glare

1000, 1500 or 2000 Effective Lumen

Round, Square, rectangular or Oval

Electro-Magnetic Compatibility class 5

Load dump protected

## TECHNICAL CHARACTERISTICS

Voltage	Multi-voltage 12-24V
Consumption	14 W (1000 lm), 20W (1500 lm), 29W (2000 lm)
Connector	Built-in DT 2 ways, Built-in AMP 2 ways
Load Dump	36V continuous/ ISO 7637-2 Pulse 5a
Polarity	Protected against reverse voltage
Vibration resistance	15Grms, from 24Hz to 2000Hz
IP protection	IP68 - IP 69K
EMC	ISO 13766 - ISO 14982 - ISO 12985 - CISPR25 Class 5
Salt Spray Test	ISO 9227
Shock	60G
Operating temperatures	-40°C to +85°C
Mounting	Pedestal or suspended

SV 1000 LED - efficient and professional work light

Discover the SV 1000 LED work Light, a robust halogen alternative designed for professionals.

Made with polycarbonate, it's lightweight and durable. Upgrade now for reliable, hassle-free illumination that lasts. Make the switch to SV 1000 LED and experience efficient lighting today!

## SESA PULSAR LED - directional light

- Class 1
- D16004 - SPU.OR
  - D16005 - SPU.B
  - D16075 - SPU.R

- Class 2
- D16018 - DSPUXL.OR
  - D16017 - SPUXL.B
  - ● D16076 - SPUXL.DC

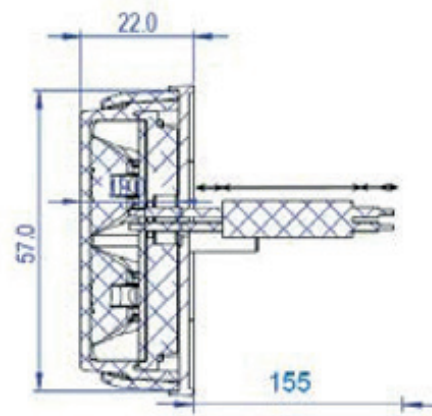

- 12/24Vdc LED directional light visible at 180°
- Extra flat & ultra light design
- Robust and waterproof
- 5 colors: orange, blue, red and dualcolor (orange & blue)
- 4 ECE R65 approved flash modes

- D16056 - SPU.W

### TECHNICAL CHARACTERISTICS

Voltage	12/24V
LED colour	Class 1 amber, blue, red / Class 2 amber, blue, dual colour A/B
Lens material	Polycarbonate
Housing material	Aluminium
Light patterns	4 lights patterns : 120 flash/minutes, 120 double flash/min, 120 quad flash/min, steady cruise mode
IP protection	IP69K
Operating t°	-30°C to +50°C
Approvals	ECE R10 (EMC, CISPR25 class 3), ECE R65 CL1 or CL2
Dimensions	94 L x 39 H x 22 D mm or 94 L x 59 H x 22 D mm

## Wireless HD system 2.4GHZ with multi-display 7" screen

Discover the D16044 camera kit, our latest-generation wireless system. Designed to meet the demands of professionals, this kit offers exceptional performance:

- HD 1080P camera
- 300 m transmissions distance!
- 130° camera angle
- Easy installation
- Automatic pairing
- Multi-mode split screen

D16044 : Wireless HD camera system

## TECHNICAL CHARACTERISTICS

### LCD 7" color multi-display monitor

- High resolution display 1024 x 3 (RGB) x 600
- 4 cameras expandable
- Recording via micro SD card (not supplied)
- Automatic pairing with a unique code
- 12 / 24 Volts
- Time delay : 200 ms
- 4 languages available: French, English, German, Chinese
- Picture image adjustable for horizontal, vertical, mirror, normal viewing
- System PAL/NTSC
- Reverse distance grid
- Use between -20°C and +70°C

**Monitor: D16055**

### Recording time:

Micro SD MODE	16G	32G	64G	128G
SINGLE	≈ 15h	≈ 30h	≈ 60h	≈ 120h
QUAD	≈ 17h	≈ 34h	≈ 68h	≈ 136h
SPLIT	≈ 18h	≈ 36h	≈ 72h	≈ 144h

### CMOS HD 1080P wireless camera

- 12 / 24 Volts
- Waterproof camera (IP69K)
- Micro integrated
- Night vision: 10 m (4 infrared leds)
- Max distance with monitor : 300 m
- Vision angle: 130°
- Use between -20°C and +70°C

**Camera: D16045**

**Antenna spare part: D14326**

**Option Antenna 7m cable: D14063**

**Option 1080P wireless magnetic and rechargeable camera : D16046**

## Complet wired system with AHD 7" screen and 100° HD camera

D16033 : Wired camera systems

- High resolution camera & HD screen offering an excellent restitution of images: camera with a viewing angle of 150 °, works from 0.1 lux
- Automatic triggering when the reverse gear is activated
- Robust and waterproof (IP68)
- Easy and discreet integration on any type of vehicle
- Power supply: 12-24 VDC
- 2 years warranty

## TECHNICAL CHARACTERISTICS

- Size: 7 Inch HD digital panel
- Screen Ratio: 16:9
- Resolution: 1024\* R.G.B\* 600
- Back Light Luminance: 300cd/m<sup>2</sup>
- System: NTSC/PAL auto switch
- OSD Menu, Remote control
- With speaker

- 3 AV inputs, Support 720P, 1080P image display
- Auto reverse trigger wire
- Power supply: DC12V-24v
- U shaped metal bracket
- With removable sunshade

- Image sensor: SONY
- System: PAL/NTSC optional
- Resolution: 1280\*720 (1 Million pixels)
- Working Temperature: -20°C to 70°C
- Power Requirements DC 12V
- Waterproof Level: IP68
- Viewing Angle: 100 degree

- Min illumination: 0.1Lux
- Image: Mirror
- Shockproof Level: 4G
- Aluminum alloy material shell, outside hanging design;
- Suitable for bus, trucks and special vehicles

- 20 Meters video and power cable
- With 4pin connector
- Waterproof

# AUXILIARY

## 7" and 9"

### DRIVING LIGHT

Aesthetic all-black design

Easy switch from R149 to super bright mode

Robust polycarbonate lens

White position light (R149 approved)

Amber position light

Switching method, no need to stop and get off the truck/car anymore :

Turn on the light for 2s, then turn on/off the light 3 times within 5S, the mode switches:

- When the light is working, please turn off the light for 5s and proceed the operation above for mode switching.
- The light has memory. It will work in the mode of last usage when it is on.

## TECHNICAL CHARACTERISTICS

## STELLAR - extra-flat LED lightbar

### Benefits :

- R65 approved light performance
- Extra flat and aerodynamic design
- Best in class manufacturer quality
- Ultra robust polycarbonate

The STELLAR lightbar completes our range of lighting products for your safety. **R65 and SAE approved**, it is perfectly adapted to the amber/orange safety markets.

Available in 4 different lengths, the STELLAR is composed of several powerful amber flash modules.

Variations can include Stop/Position/Direction Indicator lights, rear and/or alley work lights, traffic master...

 YouTube

## TECHNICAL CHARACTERISTICS

Dimensions	280 mm (width), 950 - 1250 - 1550 - 1850 mm (length), 124,5 mm / 75 mm (height with/without support)
Voltage	10/36 VDC
LED colours	Amber
Lens colour	Transparent
Cover colour	Grey
Material	Polycarbonate lens and body - Aluminum chassis
Connector	5 m bare cable (right side of the vehicle)
IP protection	IP6K9K
Vibration	Mechanical and shocks ISO 16750-3
Operating T°	-30°C to +60°C
Approvals	ECE R65 (TA1 or TB1), SAE Class 1 Amber
EMC level	ECE R10 --> CISPR25 Class 3
Warranty	3 years
Applications	<b>Recovery vehicles, maintenance and intervention vehicles, garbage trucks, exceptional convoy trucks, agricultural convoys, municipals, sweepers...</b>
Remote	Optional control unit on request

360° visibility

Side module

Compact

## STELLAR - extra-flat LED emergency lightbar with integrated siren

### TECHNICAL CHARACTERISTICS

Dimensions	280 mm (width), 950 - 1250 - 1550 - 1850 mm (length), 124,5 mm / 75 mm (height with/without support)
Voltage	10/36 VDC
Consumption	150W at 12V / 280W at 24V
LED colours	Blue
Lens colour	Transparent
Cover colour	Blue
Material	Polycarbonate lens and body - Aluminum chassis
Connector	5 m bare cable (right side of the vehicle)
IP protection	IP6K9K
Vibration	Mechanical and shocks ISO 16750-3
Specific Functions	Alley lights, Front work lights, Stop/Position/Direction indicator
Operating T°	-30°C to +60°C
Approvals	ECE R65 (TA1 or TB1)
EMC level	ECE R10 --> CISPR25 Class 3
Warranty	3 years
Applications	<b>Ambulance, Firefighters, Gendarmerie (French police), Police, Priority vehicle</b>
Remote	Optional control unit on request

# LED BARS

## Full range

- LED
- ECE
- R112
- R10
- IP69K

Face frame without screws against corrosion, aerodynamic design to lower wind resistance and noise

OSRAM LED with high lux and stable luminous efficiency

All-black design brings strong visual impact

UV coated reflector and PC lens with high durability

Indirect illumination design with hooded reflector to reduce glare

If you're looking for top-quality lighting for your ON and OFF-road vehicle, our LED bar is exactly what you need!

Our light bar is a high-quality lighting solution for off-road vehicle drivers looking to improve their visibility in the darkest environments. With exceptional power, superior build quality, operating versatility, easy installation and compact size, our LED bar is the ideal choice for demanding drivers.

## ALPHA PRO LED LED BAR SERIE

### NBB Alpha Pro LED

are leading auxiliary lights products with a perfect combination of beam width, range and volume which delivers outstanding performances.

NBB unique and distinctive design brings to Alpha Pro LED bar series an incredible light power which broadens and extends your vehicle lighting normal lights.

### TECHNICAL CHARACTERISTICS

LEDs	15 LED	38 LED
Lumen	6400 Lm	16250 Lm
Color temperature	5700 K	5700 K
Volt (V)	12/24V	12/24V
Watt (W)	100W	260W
Ampérage	@12V 4,2 A	@12V 21,7A
Mått	Längd 230 mm	Längd 630 mm
Housing material	Aluminum	Aluminum
Lens material	PC	PC
Approvals	ECE homologated broad beam E25 ECE homologated pilot light	Off Road broad beam ECE homologated pilot light
Light pattern	340m @ 1 Lux	740m @ 1 Lux
Watertightness	Breather vent with IP68 connector	Breather vent with IP68 connector
Connector	Built-in DT, harness included	Built-in DT, harness included
Clear protective cap	Included	Included
Black see-through protective cap	Included	Included
Mounting hardware	Stainless steel hardware included	Stainless steel hardware included

## SESA Tunes Advanced AVAS and multi-function audible solution

AVAS SOUND  
+  
Reverse alarm  
+  
Urban gong  
sound

- Multifunction : **AVAS sound for electric or hybrid vehicles (R138 - FMVSS-141)**, reverse alarm and gong urban sound
- Integrated AVAS Sesaly sound with adjustable sound level according to ECE R138 and FMVSS-141
- Gong: 97 to 100 dB ext. at 1 meter
- Very easy programming of sound levels with SESALY software

### FUNCTIONS

<b>1. AVAS sound for electric or hybrid vehicles</b>	
Emission or inhibition of idle sound	0 km/h
Sound emission	Between 1 and 4 km/h
Speed-dependent sound emission (R138 requirement)	Between 5 and 20 km/h
<b>2. SESALY reverse alarm</b>	
	97 dB ext. at 1 meter
<b>3. Urban warning gong</b>	
	100 dB ext. at 1 meter

### TECHNICAL CHARACTERISTICS

Name	STA
Voltage	12 or 24V according to ISO 16 750-2
AVAS sound level	Adjustable for compliance with R138 regulations
Material	Polycarbonate
CAN	2.0A & 2.0B - J1939 - ISO 11 898-2 - 20kBits at 1000 Kbits
Connector	DEUTSCH 8 poles (supply, CAN, audio outputs)
IP protection	IP56 - base assembly   IP64 - Speaker
T° of use	-30°C to +70°C
Certifications	SESALY sound signature in compliance with the regulation UN ECE-R138 and US FMVSS-141
Approvals	E2*10R06/00*19305*00 (EMC), ECE R118 (fire and smoke), EN 16750-3 (vibrations and shocks)
Poids	0,64 kg
MTBF	>75 600 heures (18h/J/335J/an à 25°C)

## Approved reflective signalling

50 m x 50,8 mm

## Vignal Group, the lighting and safety specialist for industrial and commercial vehicles.

Since 2014, our group has gradually developed through organic growth and has carried out several external growth operations. This strategic direction enables us to develop synergies to offer more products and services to all our customers, by bringing together several well-known and recognized brands in the industrial and municipal world:

Our philosophy is to have a global design for a local production. With sites situated across three continents, in North America, Europe and China, we aim to provide increased flexibility for a better service.

20+ years of CSR policy

Certified

ISO 14001 - ISO 9001  
IATF 16949 - CCC - Certifer

Constant growth
